PROFESSIONAL EXPERIENCE

Global Key Advisors — **New York, NY**
Investment Analyst Intern — *May 2026 – Aug 2026*

- Advised long-focused investment recommendations using client-sourced investment signals to identify idiosyncratic catalysts and risks
- Built linked 3-statement and discounted cash flow models in Excel, identifying mispricing opportunities in target companies and sectors
- Cleaned and structured SEC filings data with Python for training of Retrieval-Augmented Generation (RAG) LLM tool for internal use

Stern Program for Undergraduate Research (SPUR) — **New York, NY**
Research Analyst, "Venture Capital Valuation Dynamics Around Fundraising Activity" — *Feb 2026 – May 2026*

- Engineered an end-to-end data pipeline and dashboard in Python/Matplotlib, enabling cross-feature analysis across 2.4M+ data points
- Aggregated, cleaned, and analyzed raw PitchBook data on 1.1M+ companies to investigate patterns in self-reported fund performance
- Presented weekly hypotheses to faculty advisor, refining methodology and testing how valuations move around VC fundraising rounds

LEADERSHIP & EXTRACURRICULAR ACTIVITIES

NYU Stern Business Analytics Club — **New York, NY**
Quantitative Analyst, Quant Team — *Oct 2025 – Present*

- Applied financial and data models in Excel and Python to reveal relationships between quantitative signals, investigating drivers of alpha
- Analyzed data using Excel models to support and pitch theses on churn in the insurance industry, identifying underperforming services
- Learned quantitative finance and trading fundamentals and developed mental speed math skills with math games in weekly workshops

NYU Stern Special Situations Investing Group — **New York, NY**
Special Situations Team — *Jan 2026 – Present*

- Developed foundational proficiencies in distressed credit investing, bankruptcy, and restructuring exercises through weekly workshops
- Studied historical deal mandates and creditor dynamics through speaker sessions led by restructuring bankers and distressed investors
- Attended Altman-Paulson Credit Opportunities Symposium on late-cycle credit, LME structures, and the current restructuring landscape

NYU Stern Product Management Club — **New York, NY**
Advanced Mentorship Program — *Oct 2025 – May 2026*

- Competed in a national Salesforce case competition, pitching a strategic pivot and features roadmap to drive SaaS growth in the AI era
- Collaborated with mentors to connect with industry professionals and explore case studies, developing critical PM soft and hard skills
- Applied human-centered design principles to map user journeys and identify points of friction for real-world products and companies

PlotTwist — **New York, NY**
Strategy Consultant — *Nov 2025*

- Addressed limited positioning by designing a go-to-market strategy for an AI-powered Events page to expand beyond core dating users
- Conducted 25+ user interviews and surveyed 50+ respondents, identified pain points, and synthesized insights into actionable features
- Iterated on Events Page UI wireframes and prototypes using Miro and Figma, winning the 2025 BTE Design Sprint's Design Award

SOAR Robotics (Numberosity Academy) — **Lexington, MA**
Co-Founder & President — *Nov 2024 – May 2025*

- Achieved Divisional 1st rank at VEX World Championships 2025 among 800+ qualifying teams globally, with a 10-0-0 match record
- Awarded 3x Robot Skills Champion, 1x Tournament Champion, 2x Create Award (incl. at World Championship), 1x Build Award, et al.
- Directed team's long-term engineering and design strategy, managed inter-team alliance relationships, and led Agile/Scrum sprint cycles
